

Q & A

Q. What happens when I purchase my SIP passport online?

Once you purchase the passport, you will receive a confirmation that contains a QR ticket code. This confirmation can be printed, or you can show the confirmation on your smartphone at the designated winery pick-up location. Once you arrive present the QR ticket code for each passport you purchase and in turn, the host winery will provide you with our physical passport that includes 5 tasting tickets.

Q. Can the passport be used on multiple days?

Yes, it can! You can choose to visit one or two wineries one day and finish the rest of your visit the following day. Or if you decide to come back in a month or two that is okay too! There are 5 tasting cards that can be used at any time Monday-Friday (excluding holidays).

Q. Can two people share a passport?

Yes, you can! The passport includes 5 tasting cards that can be used at any participating winery you choose to explore for wine tasting.

Q. Is my SIP passport transferable once I have purchased it?

Yes, it is! You simply click on *View Receipt* and forward the ticket you want to transfer to any recipient you wish via email. The recipient must follow all the instructions regarding pick-up if you have not already done so. If you have already picked up the passport, you may just give it to the person you are transferring it to. No need to contact us.

Q. What is a standard wine tasting flight?

A standard flight may vary from winery to winery, but the average is 4 - 5 (1 oz.) tastes of the wines you choose from the tasting menu. If you would like to taste additional wines, you will incur the additional cost of buying a tasting ticket directly from the winery. A souvenir glass is not included with SIP promotion tasting, but the winery will provide you a glass during your tasting. You also have the option of purchasing a souvenir wine glass at your favorite winery – maybe even include a bottle (or two!) at the special SIP holder discount (if applicable)!

Q. Do I need reservations at a participating winery?

With current COVID-19 mandates in place, some wineries may require reservations in advance. Please visit www.temeculawines.org and go to our [Promotions page](#). There you will find a link to an information sheet that lists the participating wineries latest requirements, operating hours, and phone numbers.

Q. Why isn't the check-in winery location posted on your website SIP ticket page?

The designated check-in location changes every quarter. The check-in location will be listed once you complete your online purchase, so you have the most current information. Your confirmation will also include dates, operating hours, and location of the current winery check-in you will be assigned to.

The SIP passport price of \$50 is for the 5 tasting tickets only and does not include transportation. We suggest contacting any of our transportation partners listed on the [Tours](#) page of our website if you require transportation.
